

StaffSenta exhibited @ Labex 2006

SystemSpecs presented StaffSenta, outsourced Payroll and HR service, at the just concluded 2-day Labex 2006 exhibition. The alumni association of the Lagos Business School organized the event.

StaffSenta runs the HumanManager application on a secured, hosted platform which gives authorized employees of an organization the power to manage all Payroll and Human Resource activities without the or-

ganization making any additional investment in IT infrastructure.

The exhibition was declared opened by Mr. Goodie Ibru, outgoing President of the LBS Alumni Association.

Below are some pictures from SystemSpecs exhibition stand.

Prof. Albert Alos, VC Pan African University (c) with some of SystemSpecs reps on Day 2 of the Exhibition

John Obaro, MD SystemSpecs, with Moses Braimah having a chat with Henry Onwukuba, member, Labex 2006 organising committee
